PROCLAMATION 2905**

**SUPPLEMENTAL QUOTA ON IMPORTS OF
LONG-STAPLE COTTON**

BY THE PRESIDENT OF THE UNITED STATES
OF AMERICA

A PROCLAMATION

WHEREAS pursuant to section 22 of the Agricultural Adjustment Act of 1933 as amended by section 31 of the act of August 24, 1935, 49 Stat. 750, 773, as amended by section 5 of the act of February 29, 1936, 49 Stat. 1148, 1152, and as reenacted by section 1 of the act of June 3, 1937, 50 Stat. 246 (7 U. S. C. 624), the President issued a proclamation on September 5, 1939 (No. 2351,¹ 54 Stat. 2640), limiting the quantities of certain cotton and cotton waste which might be entered, or withdrawn from warehouse, for consumption, which proclamation was suspended in part or modified by the President's proclamations of December 19, 1940 (No. 2450,² 54 Stat. 2769), March 31, 1942 (No. 2544,³ 56 Stat. 1944), June 29, 1942 (No. 2560,⁴ 56 Stat. 1963), February 1, 1947 (No. 2715,⁵ 61 Stat. 1049), June 9, 1947 (No. 2734,⁶ 61 Stat. 1071), July 20, 1948 (No. 2800, 13 F. R. 4176), and September 3, 1949 (No. 2856, 14 F. R. 5517); and

WHEREAS the said proclamation of September 5, 1939, as suspended in part and modified, provides that the total quantity of cotton having a staple of 1½ inches or more but less than 1⅞ inches in length which may be entered, or withdrawn from warehouse, for consumption in any year commencing February 1 shall not exceed 45,656,420 pounds; and

WHEREAS the limitation on the entry of cotton having a staple of 1½ inches or more in length was imposed by the said proclamation of September 5, 1939 after a finding by the President, on the basis of an investigation and report of the United States Tariff Commission made under the provisions of the said section 22 of the Agricultural Adjustment Act of 1933, as amended, that such cotton was being imported into the United States under such conditions and in sufficient quantities as to tend to ren-

der ineffective or materially interfere with the program undertaken with respect to cotton under the Soil Conservation and Domestic Allotment Act, as amended; and

WHEREAS the imposition of annual quotas on cotton having a staple of 1½ inches or more in length was recommended by the United States Tariff Commission in its report (Report No. 137, 2d Series) in connection with which it was stated, in finding No. 5, that the quotas recommended "will prevent imports from interfering with the cotton program and at the same time will permit American industry to secure needed supplies of specialized types of cotton"; and

WHEREAS the total quantity of cotton having a staple of 1½ inches or more but less than 1⅞ inches in length which may be entered for consumption or withdrawn from warehouse for consumption under the said proclamation of September 5, 1939, as suspended in part and modified, during the quota year ending at the close of January 31, 1951, has already been entered, or withdrawn from warehouse, for consumption; and

WHEREAS pursuant to the said section 22 of the Agricultural Adjustment Act of 1933, as further amended by the acts of January 25, 1940, 54 Stat. 17, and July 3, 1948, 62 Stat. 1247, 1248, and by Public Law 579, 81st Congress, approved June 28, 1950, the United States Tariff Commission has made a supplemental investigation to determine whether changed circumstances require the modification of the said proclamation of September 5, 1939, to permit an additional quantity of harsh or rough cotton having a staple of 1½ inches or more but less than 1¾ inches in length to be entered, or withdrawn from warehouse, for consumption during the remainder of the quota year ending at the close of January 31, 1951, in order to meet the special requirements of domestic manufacturers for this particular type of cotton; and

WHEREAS in the course of the said supplemental investigation, after due notice, a public hearing was held on July 18, 1950, at which parties interested were given opportunity to be present, to produce evidence, and to be heard, and, in addition to the hearing, the Commission made such investigation as it deemed

necessary for a full disclosure and presentation of the facts; and

WHEREAS the Commission has made findings of fact and has transmitted to me a report of such findings and its recommendations based thereon, together with a transcript of the evidence submitted at the hearing, and has also transmitted a copy of such report to the Secretary of Agriculture; and

WHEREAS the Commission has recommended that an additional quantity of 1,500,000 pounds of harsh or rough cotton (except cotton of perished staple, grabbots, and cotton pickings), white in color, and having a staple of $1\frac{1}{16}$ inches or more but less than $1\frac{3}{16}$ inches in length be permitted entry during the quota year ending at the close of January 31, 1951, in order to enable domestic users to obtain their essential requirements for such cotton:

NOW THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby find and declare, on the basis of the said supplemental investigation and report of the United States Tariff Commission, that changed circumstances require the modification of the said proclamation of September 5, 1939, as suspended in part and modified, so as to permit the entry for consumption, or withdrawal from warehouse for consumption, during the quota year ending at the close of January 31, 1951, of 1,500,000 pounds of harsh or rough cotton (except cotton of perished staple, grabbots, and cotton pickings), white in color, and having a staple of $1\frac{1}{16}$ inches

or more but less than $1\frac{3}{16}$ inches in length, in addition to the quantity of cotton having a staple of $1\frac{3}{16}$ inches or more but less than $1\frac{1}{16}$ inches in length the entry of which has already been made during the said quota year under the said proclamation of September 5, 1939, as suspended in part and modified, which additional quantity I find should be permitted entry to carry out the purposes of section 22 of the Agricultural Adjustment Act of 1933, as amended. Accordingly, pursuant to the said section 22 of the Agricultural Adjustment Act of 1933, as amended, I hereby modify the said proclamation of September 5, 1939, so as to permit during the quota year ending at the close of January 31, 1951, the entry for consumption, or withdrawal from warehouse for consumption, of an additional quantity of 1,500,000 pounds of harsh or rough cotton (except cotton of perished staple, grabbots, and cotton pickings), white in color, and having a staple of $1\frac{1}{16}$ inches or more but less than $1\frac{3}{16}$ inches in length, which additional quantity I hereby find and declare may be entered for consumption, or withdrawn from warehouse for consumption, during such quota year without rendering or tending to render ineffective or materially interfering with the domestic program undertaken with respect to cotton, or reducing substantially the amount of any product processed in the United States from cotton produced in the United States.

This proclamation shall become effective on the fifth day after the date thereof.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this 4th day of October in the year of our Lord nineteen hundred and fifty, [SEAL] and of the Independence of the United States of America the one hundred and seventy-fifth.

Chapter I—Interstate Commerce Commission

PART 170—COMMERCIAL ZONES

CONTROLLING DISTANCES AND POPULATION DATA

EDITORIAL NOTE: Section 170.17 *Controlling distances and population data* (11 F. R. 14694, effective Feb. 3, 1947) is hereby reinstated in the 1950 Pocket Supplement to the Code of Federal Regulations, 1949 Edition. Section 170.17 was excluded from the Code of Federal Regulations, 1949 Edition, because it applies only to § 170.16, which section was excluded because of certain orders of the Interstate Commerce Commission erroneously purporting to postpone indefinitely its effective date (13 F. R. 5213, 7417). Section 170.16 was reinstated by the Commission in the FEDERAL REGISTER of April 26, 1950 (15 F. R. 2339). Section 170.17 is accordingly reinstated, and reads as follows:

§ 170.17 *Controlling distances and population data.* In the application of § 170.16:

(a) Air-line distances or mileages about corporate limits of municipalities shall be used.

(b) The population of any municipality shall be deemed to be that shown for that municipality in the last decennial census.

On August 9, 1950, Mississippi River Fuel Corporation (Mississippi River), a Delaware corporation, with its principal place of business in St. Louis, Missouri, filed an application for a certificate of public convenience and necessity pur-

SECURITIES AND EXCHANGE
COMMISSION

[File No. 812-635]

AMERICAN ELECTRIC SECURITIES CORP.

NOTICE OF APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 3d day of October A. D., 1950.

Notice is hereby given that American Electric Securities Corporation (hereinafter referred to as "Applicant"), a registered investment company, has filed an application pursuant to subdivision (c) of Rule N-23C-1 for an order of the Commission under section 23 (c) (3) of the Investment Company Act of 1940 permitting the Applicant to purchase from the Office of Alien Property, Department of Justice, 2,000 shares of Participating Preferred Stock of Applicant held by the Office of Alien Property, at a price of \$2.00 per share net.

Applicant is a closed-end non-diversified investment company. It was organized in 1923 under the laws of the State of Delaware and is qualified as a foreign corporation in the State of New York. It has its principal place of business at 20 Pine Street, in the borough of Manhattan in the City of New York.

The Office of Alien Property has available for sale 2,000 shares of Participating Preferred Stock of Applicant which Applicant has agreed to purchase at \$2 per share net to the Office of Alien Property, subject to the issue of an order of the Commission authorizing the transaction.

Applicant has outstanding 131,000 shares of Participating Preferred Stock and 30,000 shares of common stock. All shares have a par value of \$1 per share. As of September 18, 1950, the Participating Preferred Stock had an asset value of \$3.40 per share. The stock is listed on the Pittsburgh Stock Exchange and is also traded in the New York over-the-counter market. On September 18, 1950, the highest bid price listed in the sheets of the National Quotation Bureau, Inc. for such stock was $1\frac{1}{8}$ and the only offering price was $2\frac{1}{8}$. On the same day the quoted price on the Pittsburgh Stock Exchange was $1\frac{3}{4}$ bid with no offerings. The Participating Preferred Stock has a priority on liquidation or dissolution of \$5 per share plus accrued unpaid dividends. Dividend accruals as of September 1, 1950, aggregated \$1.55 per share, so that the 2,000 shares which are the subject matter of this application would have an aggregate priority on dissolution of \$13,100. Applicant urges that this priority would be entirely eliminated by the purchase of the 2,000 shares and should thereby shorten the time within which a plan of recapitalization leaving but one class of stock outstanding can be made acceptable to the holders of both classes of its stock. Applicant had a surplus as of August 31, 1950, of \$250,-651.40 so that the purchase can be made from surplus without the impairment of capital.

All interested persons are referred to said application which is on file in the offices of the Commission for a detailed

statement of the proposed transactions and the matters of fact and law asserted.

Notice is further given that an order granting the application, in whole or in part and upon such conditions as the Commission may deem necessary or appropriate, may be issued by the Commission on or at any time after October 23, 1950, unless prior thereto a hearing upon the application is ordered by this Commission, as provided in Rule N-5 of the rules and regulations promulgated under the act. Any interested person may submit to the Commission in writing, not later than October 19, 1950, at 5:30 p. m., his views or any additional facts bearing upon the application or the desirability of a hearing thereon, or a request to the Commission that a hearing be held thereon. Any such communication or request should state briefly the nature of the interest of the person submitting such information or requesting a hearing, the reasons for such request, and the issues of fact or law raised by the application which he desires to controvert. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington, D. C.

By the Commission.
